National Core Competencies
Levels of Proficiency

It should not be expected that Family Peer Specialists will demonstrate full proficiency in every competency area. Competencies require awareness of information and broad knowledge about how to use that information. It is acknowledged that levels of experience and proficiency will vary.

*There are 4 proficiency levels:*

**Basic:** Uses basic understanding of the field to perform job duties

**Working:** Successfully completes diverse tasks of the job; applies and enhances knowledge

**Extensive:** Performs without assistance; is recognized as a resource to others

**Expert/Leader:** Seen as an expert and/or leader; guides, troubleshoots; has strategic focus
In order to establish national consistency, broad competency domains need to:

<tbody>
<tr>
<td>Adapt</td>
<td>Adapt necessary skill sets and knowledge to meet each state’s own needs</td>
</tr>
<tr>
<td>Acknowledge</td>
<td>Acknowledge that each state is unique</td>
</tr>
</tbody>
</table>
